I got the sudden urge to draw this girl at least once, and since I couldn't abate that urge, I ended up drawing this manga. I made her really nice and friendly here, but personally I prefer the devilish mannerisms of Magical Kyokoso I based her clothing off of the version of her in game. Rather than a person in costume, you can think of it more like she's roleplaying. I just couldn't help drawing her in such a great outfit. But she doesn't get much screen time, so I hope she gets more next year! Anyway, thank you very, very much for coming out a purchasing this book. Here's to another year of lewd drawings! Unitl next time!
